Who isn't fascinated at the marvel of flight? This entire course is filled with fun things about flight. But that's not all. It is designed to closely parallel life as well. The successive stories begin at the airport where we learn about the first sin and promise of a Savior. The second lesson introduces us to our trusted pilot—Jesus. Day three presents the price that was paid to purchase our ticket to heaven. Day four is the actual flight—something worth telling others about. And the fifth and final session provides a safe landing at our final destination—heaven. The entire course is wrapped in the thread of God's marvelous plan of salvation.

**SPECIAL WITH THIS COURSE:** Hallway airport signs and flight instrument panel free with CD orders (while supplies last); DVD to be used with opening devotions.
