

Kremer's NEW One Day Bible Camp Series

This unique series is designed for churches that are searching for a one day outdoor Bible Camp for the community children ages preschool to grade 6. Suggestions are included to conduct the program as a five hour morning/afternoon camp that includes a lunch time for the children, or to conduct it as a five hour afternoon program that ends with an outdoor barbecue for the kids and their families. Either way, with each program you get all the necessary ingredients to make your Bible Camp a great success.
